WHAT WE DO

FABRIC RESEARCH & DEVELOPMENT
Development of yarns, knits, woven and textures. If you love the textures of fabric, yarn and fibers and want to know more, then look no further! Combyte Textile will always step in and guide you towards reaching ahead with strong, trend-based fabric development every season.

FABRIC SOURCING
Combyte Textile helps you to explore new fabrics in the market, comparing prices and quality. Research and development of good quality substitutes at reasonable prices.

COST EFFECTIVE PRICES
Combyte always work with a planned flow for better production management to meet the shipment deadlines and monitoring the fabric quality with 100% quality inspection. Creating cost effective options of yarns, knits, weaves and textures.

PRODUCTION MANAGEMENT
Instituting / documenting quality systems, procedures and ensuring strict adherence to achieve maximum quality output.

QUALITY INSPECTION

SHIPMENT
All shipping documents are reviewed and verified as to buyer's instruction. All cargo is handled by reputable forwarder to obtain correct information regarding ETD and ETA of vessels because time delivery is as important for us as it is to the buyer.
Combyte Textile believe in best quality of woven fabrics in greige and finished product manufacturing. We believe in research and development of creative designs. We are well known for high end dobies, jacquards, ikkat fabrics. Combyte Textile can do variety of fabrics in different weaves like Plain, Twill, Drill, Gabardine, Sateen, Satin, Stripe Sateen Dobby design, Rib stop, Herringbone and Oxford weave and equipped with the most modern Air-jet looms.

Combyte textile produces fabrics in widths ranging from 50 inches to 134 inches with 450 Air-Jet looms in and around Erode Tamilnadu with the production of 2 lakh meter per month.
